

# *Examination of Conscience*

What I have done  
Is there something you did that  
you wish you didn't?  
What was it?  
Have you lied about something  
or someone?

In my words  
What have I said that might have hurt  
someone else?  
Have I said sorry to someone who I hurt  
to repair our relationship?

What have I failed to  
do?  
Was I asked to do  
something and then  
didn't?
